
Chibisova Veronika and Chibisov Roman

It is hard to share a piece of soul so that another person could feel it.

And not every writer is able to do it
and achieve the sincere result free of fakeness and bragging.

How to say why my husband and I became Artists?

May be because of something which cannot be explained!

I was born to a family of artists.
Paints and brushes have been part of my childhood.
My father was a miniature Artist
and my mother was a master of decorative embroidery.
With time I realized that with the help of art
it is possible to create your own world,
and not only one, to make it the way I feel and want.
I think this is why I decided to become an Artist.

Roman came to Palekh from the city of Electrostal,
Moscow region when he was 14 years old.
I was sent to the Art school to keep me occupied;
the desire to paint was vague, although it was obvious.
I was lucky to be taught my real Masters.

who could expand this desire and introduced me
to wondrous and beautiful world.

Since then our biographies intertwine.
And the art has settled in our house.
Mainly, it is the lacquer miniature.
Our favorite theme is tales, myths, epos, legends and folk epos.
This is why the instrument to build thee fantasy worlds is decorative painting
because it has its own forms and methods.

The beginning of amy long way is the first step.
This step was made by us
and the journey on the way of an Artist is going on.
