
Peredery Pablo

Somehow I immediately realized that I was an Artist.
Perhaps, when a child of 2 years old is asked "what do you want to be",
I thought well and realized that I would be an Artist.
At that time I thought that an Artist is a kind of a magician,
who does everything he wants with his magic wand.
Perhaps, I watched too many cartoons.
Since then, mush time has passed, many events happened in my life T
I graduated from a few art institutions,
I had to be in South-American jungles and African desert
and to be at the very edge (it is when one more micron and! death).
And there I aman Artist.
What was planned from childhood came true and I am happy to present you my works.
