
Tymchuk Mykhailo

"Tymchuk is the very combination of impossible.
Such he is in life, relationships, and friendship...
And art is a continuation of everything else what we have in ourselves.
You might not understand him,
but you cannot but love."
(U.Yavna)

Mykhailo Tymchuk is an Artist of a new generation
who was born on the 16th of April, 1981 in Maidan, Ukraine.

He is a representative of the Pre-Carpathian School of Art
that entered the 21st century with interesting creative achievements.
His worldview concept gained characteristics of philosophical and artistic image.
There are stunning colors and music pulsation in his landscapes
and tension of forms that creates a dynamic background of realistic emotional state.
Landscapes in his paintings reflect the Artist’s inner vision
and create the sense of his mystery of existence.
Works of Mykhailo Tymchuk are self-sufficient
and do not require additional images,
but if the images do appear, they then emerge
as a coded memory of the most ancient writing form,
a pictography.
