
Velilyaev Lenur

I was born on June 4, 1987.
I started painting when I was a child as, perhaps, the majority of children do at a very early age.
And then it gradually grew into something more stable and serious.
And after my 3rd year in the comprehensive school with an offer and help from my parents
I started studying in the Art School, then a college and an academy.
So, I went through the standard but difficult way of my "art education".
Being in my third year at college I realized that I wanted to become an Artist.
And now I enjoy and watch this event and feeling.
Currently, I live and work in Kharkiv, Ukraine.
I graduated from Samokish art school in the Crimea (department of painting)
and Kharkiv Academy of Arts and Design (majorEasel Painting).
